Morning All -

I'm not sure who the PI is on these project for USGS. Could you tell me who you all are working with over here and maybe I can track down a budget. This is the first I'm hearing about the new work.

Thanks much!

Stacy, can you call me today about a new IA for Cotter/Lincoln Park and Upper Animas. I think Paula Schmittiel spoke with you about this but not sure Mark Aguilar on Cotter. Can you or whomever if available to assist with developing the new IA and budget call me today. I have started the paperwork but need to drop in the budget info. Thank you.
